PAUL SCHUHL/PAWEL SZUL IS NOT A BAYANI

It is a sweet lie to believe, allegedly, that Jesus is Yahweh, Jesus is the Savior, and Jesus is the Creator.
Jesus did not die for anyone's sins, this is confirmed by the words of the prophet Ezekiel and even the Quran.
The prophet says so - "He who sins will die. The child will not share the guilt of the parent, nor will the parent share the guilt of the child. The righteousness of the righteous shall be imputed to them, and the wickedness of the wicked shall be imputed to them" (Ezekiel 18:20).

You are a Jew basically not bayani.

For all those lurking here, Paul Schuhl is not a **Bayani** (an adherent of the religion of the Bayan). He is a troll handled by Dale Husband who many believe on good evidence is working for the interests of the Baha'i Internet Agency (and, I contend, as well as the Islamic Republic of Iran, see and this). Per his own words, Dale Husband is also believed by many to be a child-groomer, see (**note**: the original link to the screenshotted post was at https://

dalehusband.com/2017/12/18/why-i-am-far-better-than-roy-moore/ which can be retrieved via https://archive.fo/ <see also the reactions to the post on USENET>.

Mr Schuhl is engaging in systematic fraud, misrepresentation and negative propaganda against the **religion of the Bayan** and the **Bayani community** and is almost certainly acting on behalf of **Dale Husband**. Almost nothing Paul Schuhl says here on this list has anything to do with the **Religion of the Bayan** or its teachings, but rather with Schuhl's former **7th Day Adventist-Noahide** fundamentalism, see. No citation or quotation he claims to date is from the Bayani texts. Rather they are his own rants that he is fraudulently claiming to be from the Bayan. The purpose of Paul Schuhl's activities are malicious and solely to misrepresent, misinform, disinform, wedge-push, discredit and smear an entire community on behalf of Dale Husband and the people Dale Husband answers to.

Given this, I have made the following page about Paul Schuhl. For accurate information about the **Religion of the Bayan** not filtered through the toilet lens of the Baha'is and their sockpuppets like Dale Husband or Paul Schuhl, please visit https://bayanic.com (where you will also find some of my own translations); or, alternatively, just come to me.
